TRANSFORM

For over two decades Tremron has transformed the southern landscape with unrivaled hardscape products. It is our continued dedication to innovative design and quality that has been the cornerstone to our success.
Envision an outdoor space that beckons loved ones to gather; with the complete line of Tremron hardscape products bringing those dreams to life has never been easier. Possibilities abound, limited only by your imagination, Tremron’s innovative pavers and wall blocks create an elegantly unified landscape that will be the envy of the neighborhood.

Inspired by nature, but created by Tremron, our hardscape products offer an everlasting elegance that creates a sense of luxury and ease.
Elevate the appearance of your pool with pavers from Tremron. Full size pavers are the perfect choice for new pool construction; while thin remodel pavers are designed to overlay existing concrete for pool deck renovation projects.

When you choose Tremron pavers for your pool deck, you not only create a certain sense of luxury, but you also get the assurance of an enduring product that will maintain its beauty with each passing year.
MEGA OLDE TOWNE AND STONEGATE PAVERS, MUNICH WALLS IN SIERRA 8
Kitchens have long been considered the heart of the home; bring that sense of comfort outside with an outdoor kitchen created with Tremron wall blocks.

Integrate a pergola and lighting to enhance the beauty and function of your summer kitchen. Complete your outdoor cooking space by adding in your choice of appliances and grill.
Capture the beauty of European estates while making year round use of the outdoors with a Tremron Fireplace. Entertain loved ones even during the chilliest of nights, while keeping cozy with this grand centerpiece, or easily incorporate a pizza oven to embody an old-world essence and add flair to your dishes.

 Seamlessly integrate a custom fireplace into your backyard hardscape design using Stonegate or Munich wall blocks; transforming your backyard dreams into a beautiful reality.
Form meets function while creating an intimate environment that is sure to make a grand statement. Tremron Seating Walls offer an elegant appearance and versatile design, while quality construction makes for an impressive and lasting addition to any outdoor setting.

Tremron’s Seating Wall Products are manufactured in colors designed to coordinate and complement our extensive line of quality pavers creating an elegantly unified outdoor space. In addition, seating walls can be used as retaining walls to create support for grade changes and to prevent erosion.
Create a natural gathering space for friends and family with a fire pit by Tremron. Whether you’re roasting marshmallows over laughter and stories or sipping wine for two, memories are sure to be created year after year with this great feature added to your outdoor living space.

A fire pit is a great addition to any hardscape installation and can be installed during the initial phase of patio construction or as a future upgrade.
Evoke a sense of classic European elegance and add a touch of timelessness when you install any one of our driveway pavers. With several color options to choose from, we make it easy to find the perfect complement to your home.

Tremron pavers add personality and charm to your home’s entrance, while simultaneously creating instant curb appeal and increasing the value of your home.
Tremron pavers have become the preferred choice amongst landscape professionals and homeowners in the southeast. From classic old-world to sleek contemporary designs our pavers capture the beauty of natural stone, yet offer exceptional durability, ease, and quality.

Tremron pavers are backed by a 25 year warranty ensuring that you will enjoy the rich color and texture of Tremron pavers for years to come.

Templehurst redefines the classic stone paver with a contemporary flair. Featuring simplicity at its finest with clean lines and grand size, yet still offering a natural touch with distinctive texture and color blends. Use Templehurst pavers to create exquisite pool decks, pathways and patios.

* Templehurst pavers are sold by the full cube only. Not suitable for vehicular applications.
PAVERS

Product Code: PV21210
Dimensions: 22”x2.5”, 12.5”x2.5”, 12.5”x9.25”
Thickness: 2-3/8”
SF per Cube: 116
Cube Weight: 3015 lbs
Surface: Slate Texture
For long-lasting beauty, use Bluestone pavers for patios, courtyards and walkways. This handsome paver combines a subtle textured surface and generous proportions offering a strong, durable, and bold addition to any outdoor project. Oversized edge spacers create a larger joint to more closely simulate a natural stone appearance.

* Bluestone pavers are sold by the full cube only. Not suitable for vehicular applications.
BLUESTONE GLACIER

ROMA

Roma is a three piece antiqued finish stone that has a masterfully hand crafted textured surface which is reminiscent of the time-worn colonial streets and alleyways of Charleston, Williamsburg and Savannah. Roma’s modular design gives it the ability to be installed in a variety of patterns to meet the requirements of your project.

* Roma pavers are sold by the full cube only.

RUSTIC. WEATHERED. CHISELED.
Tremron's remodel pavers provide a cost benefit by eliminating the need to remove existing concrete prior to installation. All of Tremron's remodel pavers are manufactured according to the same standards as our full size pavers and are available in the same range of popular colors. This allows for a seamless transition from remodel pavers to full size pavers for patio extensions or where an existing entryway meets a driveway.
REMODEL. RENOVATE. OVERLAY.
Tremron’s Green Collection offer aesthetic beauty, and engineered quality, while positively contributing to the surrounding environment. These specially designed pavers will reduce or eliminate storm water runoff and decrease flooding, while returning rainwater into the natural water table. In addition, Permeable Pavers also provide a sturdy paved surface for vehicular and foot traffic in parking areas, low volume roadways, driveways, patios, and walkways.

Environmental Benefits of Permeable Pavers

- **Surface Water Management**
  Storm water drains back into native soil, recharging groundwater supplies and reducing storm water runoff

- **Reduce Landscape Irrigation Demand**
  Recharges groundwater supplies

- **Minimize Local Heat Island Effects**
  Permeable pavers are available in colors that have high SRI values which in turn help reduce Heat Island Effect

The benefits of Permeable Pavers are well documented, and their use by designers is encouraged. The United States Green Building Council (USGBC) recognizes Permeable Pavers as a Best Management Practice (BMP) to control quality and quantity of Stormwater Runoff. The USGBC Leadership in Energy and Environmental Design (LEED®) Green Building Rating System provides a variety of credits for projects that incorporate Permeable Paver Systems.

**TURF BLOCK INSTALLATION**

- Compacted Subgrade
- 8" Min (200MM)
- Compacted Soil at Perimeter
- Turf Block Permeable Paver

**4X8 PERMEABLE**

4x8 Permeable Pavers have the appearance of a traditional pavers, but with oversized joints to allow for water to infiltrate through the sub base releasing into the ground below. This reduces runoff and helps filter the rain water as it is reintroduced back into the ground water supply. Produced in a 3-⅛” thickness, it can be used in both residential and heavy vehicular applications, and is compliant with the Americans with Disabilities Act.

AQUA PAVER

With their beautiful unique shape, versatile design and superior permeability, Aqua Pavers are the ideal solution for eco-friendly hardscape design with optimum aesthetic appeal. Additionally, Aqua Pavers help protect the environment from dangerous pollutants in storm water runoff by allowing for the readmission of water into the ground naturally recharging the aquifer.

**Product Code:** ECO3145
**Dimensions:** 5” x 9-7/8”
**Thickness:** 3-1/8”
**SF per Cube:** 92
**Cube Weight:** 2925 lbs
**Surface Permeability:** 8.8%
SF RIMA

SF Rima permeable pavers will reduce or eliminate storm water runoff, which decreases flooding and relieves sewer systems. With a 3-1/8” thick profile, SF Rima provides a sturdy surface for vehicular traffic, making it perfect for both residential and commercial uses. With the unique spacer design, SF Rima can be installed nub to block, or nub to nub for increased water drainage and turf growth.
Providing a permanent solution to soil erosion problems, Turf Block can be used in a wide variety of applications, from fire routes and parking areas to residential applications such as driveways and patios. Manufactured 3-1/8" thick, Turf Block provides a sturdy pavement for vehicular traffic that is perfect for both residential and commercial uses.
The monolithic pieces of 20mm thick porcelain pavers have been designed for those looking for the perfect balance between technical functionality and aesthetic appeal. With superior durability, porcelain tiles are ideal for a variety of both residential and commercial applications. The non-slip finish provides a safe surface for patios, pool decks, pathways, and urban pedestrian malls.

* Not suitable for vehicular applications.

Stonegate wall blocks are the perfect combination of function and style. Available in three unique shapes and sizes, with a weathered, cut-stone appearance. The double-sided Stonegate wall blocks can be installed in patterns or irregularly, emulating the look of a quaint European village.

Whether it’s an outdoor kitchen, seating wall, columns, or an erosion control retaining wall system, Stonegate wall blocks are the most versatile wall blocks on the market.

* Stonegate wall blocks are sold by the full cube only - Each cube contains a combination of 3 sizes of wall blocks

KEYSTONE COMPAC III PRAIRIE
The Keystone Compac III Rear Lip unit was created to utilize a rear lip installation, delivering an efficient and effective time saving method with the same quality that Keystone is known for.

Additionally, Keystone’s proven pin connection system may also be utilized during installation, delivering the superior structural security that’s become synonymous with Keystone Compac III name.
The Keystone Compac Regency and Regency Scored offer additional aesthetic appeal while maintaining the same trusted design as the Compac III system. The unique unit shape allows for the formation of tight radius curves or straight aligned walls for maximum versatility.

Use the patterns alone, or by combining the Regency Straight Face with the Regency Scored create a visually stunning Ashlar pattern, that instantly elevates the appearance of the retaining wall. The natural stone texture along with the variety of colors are sure to complement any landscape.

Tremron Group’s interlocking concrete pavers and retaining walls meet or exceed the requirements of ASTM C-936 and ASTM C-1372. Tremron Group warrants the structural integrity of its products for 25 years from the date of installation. This warranty does not apply to splitting, chipping, spalling or other breakage that may be caused by impact, abrasion or improper use. Efflorescence may occur and is not covered by this warranty. This warranty is only valid if the material is installed in accordance with the guidelines of the ICPI(www.icpi.org) or the NCMA(www.ncma.org). This warranty is for residential construction only and does not imply a warranty for commercial applications. Tremron Group’s obligation is limited to providing replacement material at no charge. Tremron Group will not be responsible for any replacement labor or freight. The original proof of purchase is required. Color matching is not guaranteed.

Due to the variances in the printing process, all product and color appearances may be different than as displayed in this brochure as well as may vary in appearance from one brochure to another. Tremron Group makes no claim or warranty as to actual product or product color appearance in comparison to what is displayed in this brochure. Products and product colors naturally vary from plant to plant as well as from one production run to another. Please visit your local Tremron Design Center for product samples.
